

Section 1: Product and company identification

1. Identification of the material

INTAMSYS HIPS Filament

2. Identified Uses

Used primarily for extrusion-based 3D printing processes

3. Manufacturer information

Manufacturer:

INTAMSYS TECHNOLOGY CO., LTD.

Address:

Room 301, Building C9, 3188 Xiupu Road, Pudong New Area, Shanghai, China

Tel/Fax:

+86 021 58465932 / +86 021 58463623

4. Emergency contact number

Emergency telephone number:

+86 021 58465932; or call LOCAL POISON CONTROL CENTER

Section 2: Hazards identification

1. GHS Classification

Not classified

2. Label elements

Symbols/Pictograms: None

Signal word: None

Hazard Statements: Not classified

Precautionary Statements Prevention: None

Response: None

Storage: None

Disposal: None

3. Hazards not otherwise classified (HNOC)

No information available

4. Unknown acute toxicity

No information available

Section 3: Composition/information on ingredients

1. Substances

Chemical Name	CAS No.	Weight (%)	Exposure Limits
High impact polystyrene	9003-53-6	≥95	None
Additives	—	≤5	None

Safety Data Sheet

Section 4: First aid measures

1. Description of first aid measures

Remove affected persons from the danger area, at the same time ensuring your own safety. Remove all contaminated clothing immediately.

1.1. Inhalation

In case of gases evolving from melted resin, move subject to fresh air. Treat symptomatically

1.2. Skin contact

In case of pellets or powder, wash with water. In case of smelt, wash affected skin area and clothing with plenty of (soap and) water. Seek medical advice

1.3. Eye contact

In case of pellets or powder, flush with plenty of water for at least 15 minutes. Seek medical advice if any dust particles still remain. In case of gases evolving from melted resin of high temperature, flush with plenty of water for at least 15 minutes. Seek medical advice if necessary

1.4. Ingestion

Induce vomiting. Rinse mouth with water. Seek medical advice if necessary

2. Most important symptoms and effects, both acute and delayed

Dust: Skin irritation, eye irritations and redness

3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically. (Decontamination, vital functions)

Section 5: Fire-fighting measures

1. Suitable extinguishing media

Water, foam, dry chemical powder

2. Special hazards arising from the substance or mixture

Not applicable

3. Advice for fire fighters

Protective equipment: Self-contained breathing apparatus

Section 6: Accidental release measures

1. Personal precautions, protective equipment and emergency procedures

Filaments remained on ground may cause slipping Wear protective equipment

Ensure adequate ventilation

Keep away from ignition sources

Keep unprotected persons away

2. Environmental precautions

Do not allow product to reach sewage system or water bodies. Inform respective authorities in case product reaches water, sewage system or soil

Safety Data Sheet

3. Methods and materials for containment and cleaning up

Recovery if not contaminated or disposal

Section 7: Handling and storage

1. Precautions for safe handling

Measures to prevent fire:

No biological exposure limits noted for the ingredient(s)

Measures to prevent aerosol and dust generation:

maintain good housekeeping standards to prevent accumulation of dust. To avoid dust explosion resulting from the existence of powder, electrostatics eliminators and grounding should be fixed to such equipment as air transferring pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.

2. Conditions for safe storage

Store in ambient temperatures. Avoid exposure to high moisture levels. No special restrictions on storage with other products. Keep the material at a cool dry place. Protect from direct sunlight, rain and violent temperature fluctuation. Fire is inhibited around storage area.

Section 8: Exposure controls/personal protection

1. Control parameters

Exposure Limits:

None established

2. Engineering controls

Provide appropriate exhaust ventilation at places where dust is formed or the material is molten, such as during printing.

3. Personal protective equipment

Wear gloves when handling hot/molten material.

Section 9: Physical and chemical properties

1. Information on basic physical and chemical properties

Appearance: Filament, Solid

Color: Various

Odor: Odorless or negligible

Odor threshold: None

pH: Not applicable

Melting point/freezing point: Not determined

Boiling point: Not applicable

Flash point: 350°C

Evaporation rate: Not applicable

Flammability: Not available

Upper/lower flammability or explosive limits: No data available

Vapor pressure: Not applicable

Vapor density: Not applicable

Relative density: 1.00 - 1.10 g/cm³

Solubility: No soluble

Partition coefficient (n-octanol/water): No data available

Auto-ignition temperature: 450°C

Decomposition temperature: Onset of decomposition > 300°C

Safety Data Sheet

Viscosity: Not applicable

Section 10: Stability and reactivity

1. Reactivity

Non-reactive under normal handling and storage conditions

2. Chemical stability

Stable under normal handling and storage conditions

3. Possibility of hazardous reactions

Data no available

4. Conditions to avoid

Avoid excessive heat, flames and all sources of ignition

5. Incompatible materials

not applicable

6. Hazardous decomposition products

not applicable

Section 11: Toxicological information

1. Likely routes of exposure

Inhalation:

Dust irritates the respiratory system, and may cause coughing and difficulties in breathing.

Skin contact:

Dust may irritate skin.

Eye contact:

Dust may irritate the eyes.

Ingestion:

May cause discomfort if swallowed.

2. Symptoms

Dust may irritate throat and respiratory system and cause coughing. Direct contact with eyes may cause temporary irritation.

3. Information on toxicological effects

Acute toxicity (oral): Lack of data.

Acute toxicity (dermal): Lack of data.

Acute toxicity (inhalative): Lack of data.

Skin corrosion/irritation: Lack of data. May cause irritations.

eye damage/eye irritation: Lack of data. May cause irritations.

Sensitisation to the respiratory tract: Lack of data. Not to be expected

Skin sensitization: Lack of data. Not to be expected

Germ cell mutagenicity/Genotoxicity: Lack of data. Not to be expected

Carcinogenicity: Lack of data. Not to be expected

Reproductive toxicity: Lack of data. Not to be expected

Specific target organ toxicity - single exposure: Lack of data.

Dusts: Irritating to eyes, respiratory system and skin.

Safety Data Sheet

Specific target organ toxicity - repeated exposure: Lack of data.

Section 12: Ecological information

1. Toxicity

No data available.

2. Persistence and degradability

Further details:

Biodegradation: Product is not readily biodegradable. The product is likely to persist in the environment.

Effects in sewage plants:

In sewage treatment plants it may be separated mechanically.

3. Bioaccumulative potential

To avoid bioaccumulation plastics should not be disposed in the sea or in other water environments.

4. Mobility in soil

No data available.

5. Other adverse effects

General information:

Do not allow to enter into ground-water, surface water or drains.

Section 13: Disposal considerations

Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked. A Hierarchy of Controls seems to be common - the user should investigate:

- Reduction
- Reuse
- Recycling
- Disposal (if all else fails)

This material may be recycled if unused, or if it has not been contaminated so as to make it unsuitable for its intended use.

Section 14: Transport information

UN/ID No.: Not regulated

UN Proper shipping name: Not regulated

IMDG Code: Not regulated

Hazard Class: Not regulated

Packing Group: Not regulated

Special precautions: No information available

Marine pollutant: Non-marine pollutant

Section 15: Regulatory information

REGULATIONS

The product needs to follow local regulations.

Safety Data Sheet

Section 16: Other information

Revision information

Date of this revision: November 30, 2020
